

MD. SOHAB AKTER NOYON

Full Stack MERN Developer

Dhaka, Bangladesh | +8801715825331 | sanoyon211@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full Stack MERN Developer with hands-on experience building responsive and scalable web applications using React.js, Next.js, Node.js, Express.js, MongoDB, and TypeScript. Skilled in developing secure REST APIs, authentication and authorization systems, role-based dashboards, and modern user interfaces with Tailwind CSS. Experienced in integrating third-party services including Stripe, Cloudinary, and Firebase Authentication. Passionate about writing clean, maintainable code, solving real-world problems, and contributing to collaborative software development teams while continuously expanding technical expertise.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Next.js, TypeScript, Redux Toolkit, Context API, TanStack Query.

Backend: Node.js, Express.js, MongoDB, Mongoose, REST API, JWT.

Tools: Git, GitHub, VS Code, NPM, Postman, Firebase, Vercel, Netlify, Stripe, Figma, Trello, Canva.

UI Libraries: ShadCN UI, Material UI, Ant Design, Chakra UI, Radix UI, Headless UI, Magic UI, Framer Motion, AOS

Soft Skills : Problem solving, Self-learning, Technical documentation, Team communication, Deadline ownership.

PROJECTS

GadgetGrid – Full-Stack E-Commerce Platform

[Live site](#) | [Github Repo](#)

- Developed a production-ready full-stack e-commerce platform with a responsive, high-performance interface using Next.js 16 and React 19.
- Implemented secure authentication and role-based authorization with NextAuth.js, JWT sessions, and bcrypt for protected user access.
- Built role-based dashboards with complete CRUD functionality for product, order, coupon, and sales management, including interactive analytics using Recharts.
- Enhanced user experience with real-time cart management, debounced search, advanced product filtering, and a streamlined multi-step checkout process.

Tech Stack: Next.js 16, React 19, Node.js, Express.js, MongoDB, Mongoose, NextAuth.js, Tailwind CSS v4, Recharts

Next Haven – Hotel Booking & Restaurant Management Platform

[Live site](#) | [Client site](#) | [Server site](#)

- Developed a full-stack hotel booking and restaurant management platform with a responsive, user-friendly interface using Next.js and the MERN stack.
- Implemented secure authentication, online room reservations, and Stripe payment integration for seamless booking and transaction processing.
- Built role-based dashboards with complete CRUD functionality for managing rooms, bookings, restaurant menus, and customer data.
- Enhanced user experience through optimized image management, automated email notifications, and reusable UI components.

Tech Stack: Next.js, React.js, Node.js, Express.js, MongoDB, Firebase, Stripe, Tailwind CSS, Cloudinary

Prompt Nest - AI Prompt Marketplace

[Live site](#) | [Client site](#) | [Server site](#)

- Developed a full-stack AI prompt marketplace where users can discover, publish, purchase, and manage AI prompts through a modern, responsive interface.
- Implemented secure authentication and role-based authorization with Firebase Authentication and JWT for Users, Creators, and Administrators.
- Built role-based dashboards with CRUD functionality for prompt management, user administration, and creator analytics using Recharts.
- Integrated Stripe payment processing to support premium prompt purchases and creator monetization with a seamless checkout experience.

Tech Stack: Next.js, React.js, Node.js, Express.js, MongoDB, Firebase, Stripe, Recharts, Tailwind CSS, Framer Motion

EDUCATION

Diploma in Computer Science & Technology (CST)

Dinajpur Polytechnic Institute | Passing Year: 2026

CGPA: 3.48 / 4.00

Secondary School Certificate (SSC) – Science

Setabgonj Ideal Academy | Passing Year: 2021

GPA: 5.00 / 5.00

CERTIFICATIONS & LANGUAGES

MERN Stack Web Development Course

Programming Hero | 2026

Languages: Bangla (Native) · English (Intermediate – comfortable with technical docs, emails & written communication)
